Goodness gracious
 2 days dedicated to how lucky it is to be a woman!

Our wheel of fortune seems to spin constantly. And we know that the wheels that propel our friends and customers spin just as fast or faster. It can take your breath away if you don't take time to slow down and count your lucky stars.

This year, Diva Day Doubled is dedicated to all things lucky. Luck takes many forms and really isn't about gambling at all. Luck isn't earned, and it isn't due. Luck shows up unexpectedly in the smile of a child on a face that was full of tears. Luck shows up when all the candles are blown out on a birthday cake. Luck really lives in destiny.

We are lucky to have been in business for 10 years; we are lucky to have happy, healthy children; we are lucky to have friends who laugh with us at painful times; and we are lucky to have a family that supports us when we bite off more than we can chew.

Join us for Diva Day Doubled, where a diva's wheel of fortune is always spinning!
